Kansas enacts single sales factor apportionment and market-based sourcing

On April 24, 2025, Kansas House Bill 2231 ("H.B. 2231") was enacted into law and is effective for tax years beginning on or after January 1, 2027. H.B. 2231 switches Kansas from an equally weighted three-factor apportionment formula to a single sales factor method for apportioning business income. The law also adopts market-based sourcing for sales other than tangible personal property. H.B. 2231 further provides for a deferred tax deduction and a decrease in corporate income tax rates if certain conditions are met.
